Consent to Perform Videostroboscopy/FEES

Client Name:
I hereby consent to and authorize the performance of videostroboscopy and/or Fiberoptic Endoscopic Evaluation of Swallow (FEES) for assessment of vocal fold structure and functioning to be performed at Fort Worth ENT.
Initial:
I consent to the administration of topical anesthetic, if required. I have no known allergies and/or medical conditions that prohibit the use of topical anesthetics.
Initial:
The nature and purpose of the procedures and the potential risks involved have been explained to me. Potential risks include allergic reaction to topical anesthetic, bleeding (transnasal endoscopy only), and/or temporary discomfort. No guarantee or assurance has been given by anyone as to the results that may be obtained.
Initial:
I understand that all information pertaining to services at Fort Worth ENT is kept confidential and will be made available to other professional personnel only after I have signed an Authorization to Send/Release Information form.
Initial:
Fort Worth ENT may participate in research and social media projects to expand knowledge of clinical outcomes in the treatment and evaluation of voice and voice disorders. Further, I understand that audio and/or videotapes of sessions and other case information may be used in these research projects. If I choose not to have my information included in research and social media projects, I do not have to initial here.
Initial:
Signature of Client/Parent or Guardian Date Signed
